## Introducing Park Cafés

Fantastic food in picturesque places is surely a winning combination. But what's even better is knowing the pennies you spend in our new Park Cafés will help support Bournemouth's beautiful parks and open spaces.

Now you can enjoy a coffee, have a meal, party or meeting to support your local park. Woodpecker Café at Queen's Park, Hedgehog Kiosk in the Lower Gardens, Squirrel Café & Mini Golf at Boscombe Chine Gardens and now Fox Café at Redhill Park are all owned and operated by the Parks team from Bournemouth Borough Council.

Chef Darren Roser heads up the team, working from the HQ at Queen's Park. Darren is passionate about great food being coupled with exceptional customer service. Hailing from Brisbane, Australia, he is a highly-experienced chef who is cooking up a wealth of ideas to develop menus for breakfasts, lunch, hot drinks and snacks - using locally-sourced, high quality ingredients.

We've recently removed plastic packaging from our sites, and our new menus highlight healthier options for everyone – from kids' drinks to snacks and hot meals.

Our venues are also available to hire for your next event, and there are special offers on kids' mini golf throughout the season!

Visit [www.parkcafes.co.uk](http://www.parkcafes.co.uk) for more details.

## Charles Rolls and the Heritage Patio at Hengistbury Head

In what was a tragedy for both the family and the country, the co-founder of Rolls-Royce was killed at Britain's first International Aviation Meeting in 1910 at Southbourne Aerodrome. The meeting was part of the town's huge celebrations for the centenary of the founding of Bournemouth in 1810.

When he was battling strong winds in his Wright Flyer during the Alighting Competition, a recently-added tail-plane broke up, so making the machine impossible to control. Death was almost immediate. He was just 32 years old.

Although a ground level plaque commemorates the crash within the grounds of St.Peter's School playing fields, this is out of public view and little known.

The educational object of the Charles Rolls Memorial Trust (Registered Charity No.1174592) is to celebrate both the life of this pioneering aviator and the nationally important Aviation Meeting. The heritage patio, planned to be built in 2019, will have four interpretive panels and a steel sculpture of the aircraft.

## Help Your Local Nature Reserve

The Stour Valley Supporters are looking for more enthusiastic individuals to join their vibrant community group to help support the management of the Stour Valley Local Nature Reserve in north Bournemouth.

This beautiful reserve is home to iconic wildlife such as otters and kingfishers with the majestic River Stour meandering through the reserve.

The group works alongside the Stour Valley Rangers every Tuesday (9am-1pm at the Kingfisher Barn) to help manage the reserve's special habitats for the benefit of wildlife and people. The Stour Valley Supporters also raise money to fund special projects on the reserve such as new benches, interpretation signs or wildflower meadows.

The group holds regular meetings and social gatherings throughout the year so there is plenty to get involved with!
