Interview with Molly, aged 8.

What do you think of Hengistbury Head Garden?

“Five things I like about the garden:

- 1) “Lovely path through flowers, where there are cobble stones. I like the Apple Trees”.
- 2) “Great pond: there are always lots of creatures in there that look interesting.”

- 3) “Lovely wooden benches. I like all the woodland stuff and all the pretty patterns.”
- 4) “Great gardeners: very friendly and pleasant to be around”. (even though some have rained off today).
- 5) “Nice all through the year. Always lovely flowers. There is something new to see.”

Thank you to Molly for giving a fresh view of our garden. Although it is a bit wild outside, Molly helped collect seeds from the Corncockle. We will use them in the garden.

We look forward to seeing you in the garden and hope that the autumnal weather passes and summer comes back.

The H H Gardeners
