

Wednesday 5th April 2017

What is this? Another beautiful day full of sunshine?!

The meadow has been seeded and the small plants are waking up. Nearby the Ancient Corn Field is being planted to see if we can encourage it to grow from a spring planting. In the woodland a variety of spring flowers are showing including Snakeshead Fritillaria and white ones too. The new Witch Hazel, Crab Apple and Flowering Cherry are settling in well. We are enjoying the rich textures of the wild Lupins too. The Chamomile Lawn looks established and smells glorious. With the addition of some other perfumed plants, the area around the pond will be a real delight.

The garden is getting ready for next week's Wildlife Garden Mystery Challenge on **Wednesday 12th April 2017, between 10.00am and 12.30pm**. You can enter for £2.00 and get a free map and a wildlife colouring sheet when you complete it.

We look forward to seeing you in the garden soon, and don't forget Wednesday 12th April for the Wildlife Garden Mystery Challenge.

Enjoy the weather!

The Hengistbury Head Wildlife Gardeners.
