Leave only footprints

The Leave Only Footprints Campaign in Bournemouth and Poole aims to encourage residents, visitors and workers to be more environmentally conscious, particularly with regards to the disposal of waste. Full-time and seasonal staff are employed to litter-pick the beaches, and beach tractors and specialised equipment are used to keep the sand clean and litter-free.

One member of the Leave Only Footprints team is based at Hengistbury Head Visitor Centre and runs activities for children to educate them about plastic waste and other issues. For more information, contact Emily Fergusson - emily.fergusson@bcpcouncil.gov.uk
